

SMART FARM[®]

AGFEST SPECIAL

Livestock Starter Pack

\$8,250

Agfest special price valid until the 31st of May 2023. Prices are excluding GST.

The Livestock Starter Pack gives you the basic building blocks to get started with your Smart Farm. Our starter pack includes your first LoRaWAN gateway to provide remote monitoring capabilities across your farm, and kick start your smart monitoring journey.

What you get

Industrial grade **IP67 LoRaWAN Gateway** connected to our LORIIOT network. The gateway needs to be connected to your home internet and installed on a roof.

Monitor **Trough Levels** with a submersible pressure probe. Create low or high-level water alarms to keep your stock safe and detect float valve leaks.

Monitor your **Electric Fences** for shorts and keep your stock contained.

Start tracking your mobs with 5 **Ceres Ranch** reusable ear tags. These tags come with a 5-year satellite subscription and advanced food intake algorithms built in.

All your data will be securely captured in your own cloud based platform. Build dashboards or set alarms. 12 months access is included in the pack, then \$94 per month.

THE LIVESTOCK STARTER PACK INCLUDES:

1x Outdoor LoRaWAN Gateway

Milesight UG67 LoRaWAN Gateway

2x Trough Level Sensors

Milesight EM500-SWL

2x Electric Fence Monitors

AGWAN Fence Remote Monitor

5x Cattle/Sheep Trackers

Ceres Ranch Pasture Feed Intake
